

## BLT meeting notes

### 8:00 Updates

- Hiring: after 4 rounds of interviews and not being able to find the right fit, we have decided not to hire for the open .5FTE IA position. Dedy will be letting families know about this in her next newsletter
- Math in Focus: Waiting for the publisher to present us with a viable proposal so that we can order the materials.
- Boundaries: SPS boundary changes have JSIS to become an option school.
- Arts: The PTSA has funds for visual arts. They are looking for a focus/vision for spending the funds. They would like to collaborate with staff to help develop this vision.

### 8:30 Annual Fund

What should be the aim of the annual fund?

Only IAs and Interns (Discussed possible pros and cons of IAs compared with interns.)

Other items?

Discussed having broader language with regard to the fund raising but Annual Fund committee would rather have more specific needs communicated to parents when raising these funds

How should we elicit feedback from parent community?
